

# **Alpine**

# **Alpine**

Alpine is nice and authentic bouclé woven quality which is a perfect fit for our Comfort collection. Softness, volume and elegance are characteristic of this collection.

We added this article following the latest trends and market demand.

Alpine combines polyester, cotton and polyacrylic yarns, twisted to make a beautiful upholstery fabric. Bouclé yarns are really fun to spin. Made by first creating loose loops around a core yarn, bouclé yarns look marvellous and are a very popular choice in furniture fabrics. This article can be applied widely: perfect for loose covers and easily upholstered on tight fitted models. It will fit every style and nice to combine with our velvets Royal, Juke, Seven and Adore.

Please be aware that the fabric is sensitive for sharp tools, belts, jewelry and pets. Loops or loose threads can appear and can be pushed back in the fabric with a blunt object. Make sure never to pull or cut the thread. Alpine is a wonderful textile – formed by the varying size of loops, from large and loose curls to small and tight circles – that makes a bouclé fabric so attractive.

- We recommend to wash the cover inside out and immediately place the cover back to the piece of furniture, slightly damp, after washing.

**Textaafoam originals** Established in 1970, this Dutch family business brings together craftsmen in textiles and furniture design to build an unrivalled portfolio in upholstery fabrics that meets buyer's needs every time. Featuring a wide colour range, ultimate value for money and excellent reliability in the supply chain.
